

As of 02/05/2020

Marvin and fellow Board Members,

It is with much thought and sadness that I must ask you to accept this as my letter of resignation from the PIPOA Board of Directors. While it was my full intent to serve the POA for my full term, the removal of my neighborhoods protective covenants and requirements to pay dues has necessitated a change in plans. I recognize that I may be allowed to remain on the board due to a technicality, however, I do not believe it is right to be making decisions for my neighbors, when I am not required to follow them. I hope that my time on the board has been beneficial, and I sincerely appreciate all of your efforts in making our little island a great place to live. I encourage you all to work together to ensure that your POA is viable and productive for its members for many years to come.

Respectfully,

Dan Herrington
