

Sandy Graves, I have been resident and property owner for the past 3.5 yrs. I am not a business owner, nor am I a partner of any business on the Island. My only interest is to improve and maintain the quality of life that we all enjoy on this island. I like to think of myself as someone who will listen, and ask questions. If I don't know I will tell you and then try and get an answer. If I don't agree I will let you know that as well and we can sit and explain our points of view. We are a community, a unique one at that, let's all move forward together.
